TERMS OF SALE

1. This is a public auction and mail bid sale, conducted by PONTERIO & ASSOCIATES, INC. Subject to our consent, liberty for bidding by sellers and/or consignors is hereby reserved.

2. A 15% buyers charge will be added to the hammer price of each lot. This charge will be added to all invoices.

3. Subject to paragraph 8, all material shall be sold to the highest bidder as determined by the auctioneer. If any dispute arises during or immediately after the sale of a lot, the auctioneer shall have the right to recall the lot and put it up for sale again. In all cases, auctioneer's decision shall be final. For the bidder's protection, NO "UNLIMITED" or "BUY" BIDS WILL BE ACCEPTED. Bids are to be made in U.S. currency only.

4. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Payment by check must be payable in U.S. currency only and drawn on a U.S. Bank. No credit card purchases will be accepted. Title to all lots remains with consignor until paid in full.

5. Minors are expressly forbidden to bid in this sale.

6. Floor bidders and mail bidders not known to us must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or a deposit equal to 25% of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.

7. All bids must be per lot as numbered in this catalogue. No lots will be broken. Lots will be sold in their numbered sequence unless auctioneer directs otherwise.

8. We reserve the right to withdraw any lot prior to the sale and to open the bidding on any lot at a reasonable price.

9. All items in this catalogue are guaranteed to be genuine unless specifically stated otherwise in the lot description. Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.

10. Grading is a subjective description, in the opinion of the cataloger, as to the state of preservation of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and not a grade or condition. Such terms are the opinion of the cataloger and shall be deemed to be part of the description and not an attribution. No warranty, whether expressed or implied, is made with respect to such adjectival descriptions, which can and vary among experts.

11. This is not an approval sale. Bidders are expected to promptly purchase all lots awarded to them by the auctioneer. Floor bidders are encouraged to carefully examine all lots which they are interested in purchasing, since NO LOTS MAY BE RETURNED BY FLOOR BUYERS, INCLUDING THOSE LOTS WHERE THE BIDDER IS ACTING AS AGENT FOR ANOTHER PARTY, OR BY MAIL BIDDERS WHO HAVE EXAMINED THE LOT PRIOR TO THE SALE.

12. Mail bids will be accepted from those who can not attend the sale in person. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Successful mail bidders will be awarded the lot at nominal advance over the second highest mail or floor bid. When identical bids are received by the auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid. A floor bidder must bid higher than the highest mail bidder to be awarded any lot. The auctioneer reserves the right to refuse any bids which he, at his sole discretion feels are not made in good faith.

13. The auctioneer can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.

14. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.

15. All photographs in this catalogue are of the actual items being sold.

16. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.

17. We reserve the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed an additional 1/2 of 1% for insurance. The minimum insurance fee is $5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.

18. In the event a bidder fails to make remittance promptly, auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.

19. If the invoice for the auction is not paid for in full when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid in full. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other costs incurred by Ponterio & Associates, Inc. The courts of San Diego County, California shall have exclusive jurisdiction and venue over any suit initiated by Ponterio & Associates, Inc. to collect past due invoices and the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder.

20. Auctioneer reserves the right to postpone the sale by auction of the property, for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event, which, in the judgment of auctioneer, reasonably exercised, make it inadvisable to hold the auction as scheduled.

21. Our ultimate liability for any item is the price paid.

22. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment.

23. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company.

24. Bidding in this sale constitutes acceptance by the bidder of all the forementioned terms and conditions of sale.

Los tribunales del condado de San Diego, California tendrán jurisdicción exclusiva sobre cualquiera de las acciones iniciadas por Ponterio & Associates, Inc. para cobrar facturas no pagadas al vencimieto. INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

LOT	BID
#24	$300
#86	$600
#118	$450
#160	$700

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each ofthe lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #24 as $300. If yours was the highest bid received, you would be the purchaser at $300. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., May 29, 2000 through June 7, 2000 only. Additionally, all material will be available for viewing at the Long Beach Convention Center.

Thursday, June 8, 2000	10:00 a.m. - 6:00 p.m.
Friday, June 9, 2000	10:00 a.m. - 6:00 p.m.
Saturday, June 10, 2000	10:00 a.m. - 5:00 p.m.

Found Any Bargains Lately?

What is a bargain? The most common answer is something that costs less than expected. Is this always a "good deal"? Not necessarily; if the object of your attention is in the same condition or grade as something for which you would pay "x" and the available item is whatever percent less, that may be a "good deal" and a bargain; if it isn't as nice, it probably is not.

We receive many telephone calls from people who are trying to determine the value of things, usually (1) what is it worth (i.e., how much can I get for it?) or (2) what is a reasonable price to pay for whatever it is? A frequently encountered caller has for example a "really nice" 1896 U.S. Quarter Dollar; my first question is if they can read the writing on the forehead of Miss Liberty, the usual reply being that there's no writing there. I then explain that there was indeed writing there but it is worn off and the coin they have would probably sell for 3 to 6 Dollars in a store. Then I get a comeback: "But the book shows it's worth 1600 Dollars" (people can find the highest value for a super dooper Proof without batting an eye), and then comes my reference to the front part of the book they have to read about grading standards. Of course, I am sometime accused of being a "crook" who's trying to steal their rare coin/note/token, whatever.

Several years ago we received numerous calls asking what we were paying for MS65 graded 1903 (or 1904 or 1905) 5 Rubles of Russia; upon receiving an answer I would hear "That's all? but we paid $395 for this rare coin which came with a certificate,..." etc. Again, I'm a "crook" trying to deceive and rob them. Well, as I had read the advertising "literature" from the outfit that was selling these I was aware of their pitch and of their "buyback" plan - they would buy the coins back if they needed more for other customers. When I would suggest that the caller should contact their source about buying the coins back, the answer was "they don't need any right now". Surprise, surprise! Hopefully none of you took advantage of this tremendous offer but many people did, mostly being impulse buyers with little if any numismatic expertise. Pardon a blunt question, but who else would buy coins costing more than a modest amount from advertisements in publications like "Mechanics Illustrated", "Scientific American" or "National Geographic"? It sounded like a "good deal" and the price may have seemed reasonable but the prospective buyer probably never checked with a dealer about the value or price of similar items and the "good deal" wasn't so good. As with many things in life, if it looks too good to be true it probably isn't.

We often receive calls for advise about something people are offered, as "so and so" has a 1925 Whatsits from Wherever in absolutely wonderful MS whatever and he wants $xxx; is that a good price?" About the only answer to this is to give catalog valuations in the approximate grade(s) of the offered Whatsits and tell them this is only a guide and that grading is an art, not a science. Perhaps we should become a consulting service, paid, of course.

Please don't get the idea that we are not interested in helping collectors with their questions, we care a great deal because we understand that people have a need for information and providing that is a major part of our business. After all, collectors or others just becoming interested in numismatics need some assistance in locating sources of information which will aid in their education. Whenever we receive inquiries from people who have been contacted by telephone solicitors about their "great coin opportunities" we suggest they contact reputable dealers if they are interested in obtaining such materials.

The vast majority of our subscribers I have had occasion to speak with seem to be very familiar with grading standards appropriate to their area(s) of interest as well as valuations; I'm comfortable saying that you would probably be able to spot a "good deal". How so? by your previous experiences in your field of interest.

To what extent will people go in order to get a better price for a coin? Sometimes it's asking the seller if he'd take a certain amount less than the asking price, the seller may or may not go along with the offer and make a counteroffer or decline to reduce the price. At that point, the buyer needs to decide if he'll go for the asking price or forego the purchase. I recall a story I heard from a dealer acquaintance some time ago about a customer who always wanted a "better price" and to have time to decide about purchases. He acquired a fairly scarce coin worth $1,000 or so, that he knew a customer of his needed. He offered it to his customer at a coin show at a modest advance over his cost, who asked for it at a lower price (declined) and the collector then said he needed to think about it for a while. They met several weeks later at another show and again the customer said he couldn't commit to the piece at the time. Several weeks passed without the customer contacting the dealer about the coin so the dealer consigned it to a firm for auction. Shortly after that, the customer called and said he would buy the coin only to be told that it would be in an auction. It turned out that the customer was a frequent bidder with that firm and he did win the coin, paying substantially more than it had been offered to him earlier. The dealer said he later admitted that he learned quite a lesson - when something interesting was offered he'd better "fish or cut bait" and not let things slip away.

Now, about the bargains I mentioned at the beginning; where are they? Wherever you have the opportunity of buying something you have knowledge about and are familiar with. You don't always walk away from an auction or other transaction with lots of new treasures at bargain prices, but it can happen. You many have been interested in a lot in one of our auctions for $300 - your "good deal" or "bargain" level only to be overbid by someone whose "good deal" level was a big higher. Frequently, when people call us for results after an auction, we will hear someone say "Oh shucks (or something similar), I really would of bid more than that" when advised of the selling price; if an item in one of our sales is a "good deal" to you at $300 but you would pay $400 for it if needed (your "pain pain tolerance level") we recommend that you bid the $400 as we do reduce bids to one increment above the second highest and you might well get your prize for less that your top bid. If not, well, you did bid to your maximum, didn't you?

Where are the bargains in this catalog? Potentially every lot can be considered a bargain, but I definitely would direct our attention to the material from countries of Europe which are in the Euro monetary system. Why? A major reason is that the Euro, in relation to the U.S. Dollar, is something like 25% less in value that it was a year ago. This makes European travel by Americans something of a bargain and good deal but it is also a boon to collectors and dealers on this side of the Atlantic as well; in our last auction, which saw many tremendous prices for coins and notes, there were many others which did alright but not wonderfully, these being mainly from the Euro countries. The number of European bidders in this last auction was down considerably from past sales; this was not due to our not having interesting and nice material but the cost to our European customers would in effect be 25 percent or so higher than a year ago. This situation has worked the other way for some of our European friends who have been sending us larger consignments than previously; they are benefiting from the current exchange rate by receiving quite a bit more for their material that if it had been sold at home.

I'd like to take a few moments to comment on a few major areas of possible interest in the World gold section of this catalog. In addition to a nice selection of European material is a very nice selection of gold coinage and medals of the Mid East and Africa, including many relative inexpensive commemoratives with low mintages. In the World Crowns and Minors portion of this sale, we have quite a selection of 65 lots from Austria with a wide variety of dated "common" series and some scarcer types; are there any bargains here? Probably and definitely quite a few pieces which will sell at reasonable levels. France has 37 lots, mostly 5 Francs including some die trials and Germany, with over 350 lots, offers many opportunities for reasonable purchases and for quite a few potential bargains. Italy has over 60 lots, mostly from Italian or Papal States. Switzerland contains some very good prospects for reasonable prices, especially among some of the earlier material similar to which came on the market a few years ago in quantity. Many of these pieces are selling for about half of their 1996 prices (bargains?) and with the supply of material apparently beginning to dry up, prices should begin to climb again.

Finally, without upsetting or unsettling our consignors greatly, it is our hope that you find numerous reasonably priced items for your collections or shops in this sale and hopefully you will consider a fair number of these to be bargains as well.
